

# West Horsley Place Estate

West Horsley Place is on a mission to protect this beautiful 400 acre estate and the Grade 1 listed Manor House at its core. Our independent charity is dedicated to improving people's wellbeing through access to culture, heritage and nature.

Please take a look at our website for our programme of ticketed events including guided tours, creative courses and performances.

If you are using the free areas of the estate please consider making a donation to the charity. Proceeds will help us keep nature accessible to all, conserve the listed buildings and increase biodiversity across the estate.

- Public Bridleway
- Public Footpaths

Extra permissive footpaths are available across the site to allow the community to access the estate for free. Please note permissive footpaths are subject change.

## Dog Walking

Dogs must be kept under close control at all times. They must be on a lead around the Barn and Manor House. Please clean up after your dog.
